

## **PRESS RELEASE**

### **STHAC GUITARS – New 24 Frets Models Introduced**

#### **U.S.A. WA, Tacoma – 25 September 2003**

STHAC GUITARS, the fine handcrafted Guitars Company, today announced the introduction of the 24 frets option on our Virtuoso guitars models, the Virtuoso Deluxe, Virtuoso Deluxe SL (SpeedLoader) and Virtuoso Sustainer SL (SpeedLoader), etc. also available in our Custom Shop Online .

The Virtuoso Deluxe (the model showed) is a stylish and rare guitar with its Dye-Burst or Transparent dress.

It's a very versatile guitar and at the top on all styles from JAZZ-ROCK to METAL.

It is made with a one-piece Mahogany back and a killer flamed US Maple top (AAAAA). Its neck is also exceptional, with a hard US flamed Maple back of 3A grade and a naturally deep black African Ebony or beautiful Brazilian Rosewood fingerboard. These models are available in 22 or 24 frets.

These guitars also features DiMarzio Air Classic/Tone Zone or Virtual PAF/EVO pickups, a Floyd-Rose Original or the NEW SPEEDLOADER Floyd-Rose tremolo that doesn't require the Tuner Keys anymore. Guitars are available in colors: Transparent or Dye-Burst (see our colors table).

Come and discover now our Custom Shop and all our different models on our website (<http://www.sthacguitars.com> ) or at your nearest retailer.

If you wish to become an authorized dealer for STHAC guitars or wish to bulk-purchase our guitars, contact us by email or fax:
